

You Will Be Happy If You Are Well.

Paine's Celery Compound

Bestows That Health and
Vigor That Makes Liv-
ing a Pleasure.

If you are sick and out of sorts in June, it is in your power to make yourself healthy, strong and happy.

There is not the slightest reason why you should go through the hot summer weather feeling sickly, miserable, languid and melancholic. To be well and strong means happiness and true joy, and this is the season when you should be bright, hearty and glad.

If you are sleepless, rheumatic, neuralgic, dyspeptic, or have the shadows of disease hovering over you; if you are not as bright, energetic and strong as you were some weeks ago, the use of Paine's Celery Compound will tone up and fortify your whole system, cleanse the blood, correct digestion, sharpen the appetite and conduce to restful sleep. Thousands once in a half dead condition owe their present good health to the use of Paine's Celery Compound. Mr. Wm. S. Gibson of Pleasantville, Ky., who, through sickness and suffering, was brought near the dark grave, writes as follows regarding his marvelous cure:

"I have been broken down in health and strength, nervous system shattered, kidneys out of order, had nervous and trembling spells off and on for the last ten years. I have taken three bottles of your Paine's Celery Compound, and all of the above-mentioned troubles have left me, and I can now do a good day's work. I go about my business all day long, and it doesn't worry me, and I now feel better than I have in ten years. I have a good appetite, and can eat and get around on foot as active as when I was a boy. My age is 65 years.

CONTRACT FOR SIDEWALKS.

Trustees Weille, Jackson and Fuller of the board of education have awarded to Short and Withers, the local artificial stone manufacturers, the contract to lay a concrete sidewalk about the Washington school building on West Broadway. The cost will be about \$900, and the improvement will be one of the many to be made from the \$10,000 recently appropriated by the board for improvements.

IN GOTHAM

Many Interesting Things to be Seen
on the Bowery.

Excellence of Improvements There Reminds Us of Our Lack of Enterprise.

Sun:

We arrived here last evening at 6:30. After dinner (we call it supper) we took in the "Midway of New York"—the Bowery, always the place of interest to visitors, as well as the best place on earth to study human nature, but one trip during a visit usually suffices. The trip must include Chinatown, Spring street and the Jewish section to be complete. It is certainly worth the time to make this visit, yet you sometimes feel, when you strike an exceptionally tough quarter, that you are foolishly risking your life to gratify your curiosity, but on subsequent visits to the city you feel an inclination to repeat the trip. We walked through that part of the avenue known as the Bowery about 10 o'clock last night, and I have noticed in today's paper that about that time an Italian stabbed to death, with a stiletto, two men, because they would not sell him a suit of clothes for \$2 that was marked \$4.

But, notwithstanding its toughness, the Bowery is certainly a study. Here you see all classes of people, the nicely dressed sight-seers, the laboring people, looking for bargains; the bums and toughs of New York, all pushing and hurrying. You see signs of rooms to let for 10 cents a night, whiskey for 3 cents a drink, beer 1 cent a glass, shaves for 3 cents, hair cut for 5 cents, all kinds of stores, music halls, boarding houses, hotels, saloons, a Chinese theatre with posters filled with Chinese characters announcing the play, among other things one of the wealthiest banks in the country, the "Bowery Savings Bank," all the doors and windows of which are filled with heavy bars, resembling a prison more than a bank.

An occasional visit here does one much good, it is a good object lesson.

The city is clean, the air invigorating, notwithstanding the great bustle and business. You are impressed with the government of the city so large, that keeps its streets and sidewalks so clean, looks so well to the safety and protection of its citizens, has so many parks and conveniences for the people.

It would be a paying investment if the authorities of our beautiful city could be sent here to take a few lessons in public improvements, street sweeping and sprinkling. It will never be done, however, until the money that is collected from the people is applied for the benefit of all the people, not until a wide awake administration is installed, that will issue bonds, build good streets, keep them clean, extend the sewerage and make people connect, have public parks and force the coming generations to share with the present some of the burden of building a great city, which Paducah is destined to be, with the proper push and development.

Everyone predicts a bright future for our city; you hear more of it in New York than of any other city in Kentucky, except Louisville. It is certainly to be regretted that her own citizens cannot see her as others do.

Truly,

Columbus, O., June 14—The monument erected in Camp Chase Confederate cemetery to the memory of the Confederate soldiers who died in Camp Chase prison during the Civil war, was unveiled today with imposing exercises in the presence of an immense throng. The monument is in the form of a handsome stone arch surmounted by a heroic bronze statue of a Confederate private soldier looking southward. The memorial is the personal gift of Major William H. Knauss, of Columbus, an ex-federal officer, who each year since the close of the war has seen that the graves of Camp Chase cemetery have been decorated on Confederate memorial day.
